

Crest Animal Features	
Write the name of one of the Haida crest animals beside its prominent features.	
Thunderbird, Raven, Wolf, Killer Whale, Bear, Beaver, Eagle, Dogfish, Frog	
	Short, squared ears, big nostrils, big teeth, tongue sticking out and down, hands like claws
	Two big front teeth, cross-hatched tail, short ears, rounded nostrils
	Long snout with flared nostrils, lots of large, sharp teeth, tall ears, hairy tail
	Large head, round snout, large mouth, many teeth, blow-hole, dorsal fin, tail with symmetrical flukes
	High domed forehead and turned down mouth, sharp, triangular teeth
	No ears or small ears, shorter beak than Raven, beak curved down at the end, tongue showing
	Long, straight beak turned down at the tip, usually a tongue, folded wings
	Great outstretched wings, curled plumes on top of its head, sharply curved beak
	Large mouth, thick lips, no teeth, flat nose, feet with toes, bent legs, no tail
What prominent features can you imagine for a dog, a cat or other animal you know?
